- Protrudes only 56mm from pool wall.

## powerful

- Available in Halogen or Award winning Ceramic light engine.
- For a comparison between Ceramic light engine and halogen lighting please refer to [www.spaelectrics.com.au](http://www.spaelectrics.com.au)

## Award winning Ceramic light Engine

### Model: GK7 Series

- Most efficient and brightest pool light on the market.
- LED life 70,000 hours approx.
- A unique combination of ceramic and LED technology (advanced Titan series) allows for excellent heat dissipation resulting in maximum light output.
- Kind to the environment, operates on 70% less energy than a normal halogen light.
- L.E.D. available in blue, green or white in a 12v or 24v model.
- L.E.D. available in a 10 program multicolour model.

## innovative

- Unique electrical connection so power cable does not enter into light cavity eliminating possible sources of water entry.
- Slotted rim allows water to flow behind the light to eliminate stagnant water and also aids in cooling.
- Designed and manufactured in Australia.
- Rated to IPX 8.

## modern

- Choice of rim colours to match your pool or spa interior.
- Interchangeable coloured lenses available (Halogen only).
- Suitable for concrete, fibreglass & vinyl pools & spa's.
- Slim line appearance.
- Ceramic light engine available in blue, green, white and multicolour.

## effortless

- Simple installation, refer to our website.
- One screw mounting for ease of service.
- No globe changing required for the Ceramic Light Engine series.
- 12 month warranty.

## 'the retro' simple replacement of your existing light

- Suitable replacement for major brands of pool lights.
- No cable joining required.
- No electrician required.
- Will conform to your existing 12v, 24v or 32v transformer for Halogen or 12v or 24v for Ceramic Light Engine.

## Halogen

### Model: GK6 Series

- Extra low voltage high quality 12v, 100w quartz halogen globe with ceramic connector.
- Engineered lens and reflector to maximise spread of beam and light output.

Unique Electrical Connection
